

## END CAPS MICRO ZT/ZWNM

4-16 mm

### Description

Used to protect ends of empty microducts from penetration into them any impurities like sand, water and others, which can prevent or hinder installation of the micro cable.

#### End caps Micro ZT

#### End cap Micro ZWNM for microducts with installed microcable

### Technical specifications

End caps Micro ZT	4	5	7	8	10	12	14	16
Outer diameter of microduct [mm]	4,0	5,0	7,0	8,0	10,0	12,0	14,0	16,0
Pressure resistance [bar]				15				
Impact resistance in temperature -20°C [J]				> 1				
Installation temperature range [°C]				- 20 to + 50				

End cap Micro ZWNM microcable	7	8	10	12	14	16
Outer diameter of microduct [mm]	7,0	8,0	10,0	12,0	14,0	16,0
Pressure resistance [bar]				15		
Impact resistance in temperature -20°C [J]				> 1		
Installation temperature range [°C]				- 20 to + 50
